Welcome to the Prophetic Mentoring Program! The aim of this program is to build a bridge between the prophetic and theology, therefore helping people navigate their prophetic journey. We pray this program answers questions you've asked for years and equips you. Thank you for trusting our service.

### **Section One: Program Overview**

My name is Dr. Oscar Guobadia, and I am the instructor for PMP which is a nine-month online program. In this letter you will find basic information about the course as well as resources for ensuring your success in the program. All the program's materials are located in the program's Facebook groups. At the top of the monthly pages, you will see a tag labeled "classes". There you will find all the teachings, quizzes, assignments, and more.

In addition, members of PMP are always encouraged to ask questions, engage with the community, and write a post that would benefit the group. This way you get the most out of your experience. Not only are you joining a distinguished program but you are also joining a prophetic community that you will grow with..
